Of Cliaton County ANNOUNCEMENTS.

We are anthorized to announce the following no FOR CIRCUIT ATTORNEY. JOHN E. RYLAND. FOR COUNTY TREASURER.

We are authorized to announce JOHN E. RY-LAND, Esq., as a candidate for the office of Circuit Alterney for this (the sixth) Judicial district.

Measts. Entrons: In conversation with some gifty intelligent gentlemen from the county of same a few days ago, they expressed themselves in or of 6 tilens O. Handban, of their county, or the Senate, from this district. I feel pretty sats a saying that the people of this county would very the fruity respond to the wishes of Saline in the gatter.

J. H. McHarron, Esq. If you will serve the p ple in the pext Legislature of Missouri, they wil take the race for the district in which you live?

Let us bear from you. Mesers. Eptrons: As there will be a Constable to elect in our township at the next ensuing election, you will permit us, through the columns of your pour will permit us, through the colours of your paper, to suggest our distinguished fellow-citizen, our was a smitable candidate for that important (2) office. His strong anti-radical proclivities, as well as his financial qualifications, peculiarly fit him for that office, and if he will suffer his name to go before the people, he will receive the warm support of many roters of SNI-A-BAR TOWNSHIP.

Mesers. Entrons: As the county court has districted our county, and each district is entitled to one Representative, it is important that we of the lower end of the county should begin to look around for a man who is best qualified for that position. And, without wishing to speak disparagingly of any gentleman who has been, or may be, spoken of, we beg to prisent the name of Mr. Givo. C. Flerenta, of Waverly, as a man most entimently qualified for that position, which is rendered doubly important on account of the financial condition of our brate. And in presenting the name of Mr. Fletcher, we be resented as man who, as a financier, has no superior, and but few equals; his business qualifications are of the highest order. In politice, he is sound, and his moveds are unimpeacheable. He is so not citizen of the county; his interest strongly identified with the people will be proud to have as their representative. We hope he will reply, and let us know if he will consent for his name to be used in this connection and biline.
